30	31 No Bosom Buddies WCJ CLOSED Memorial Day	*Connections and Connecting – "The questions so often raised in conjunction with a diagnosis of cancer are, "why" questions. Why me? Why now? Why our family? These are essentially faith questions. They imply that someone, some greater or higher power has the answers. In a discussion of connections and connecting we will try to address these questions and look at our need to answer the difficult "why" questions. We will also look beyond the questions at something deeper that lies behind the questions." Pizza will be provided at this meeting, so RSVPs are appreciated!
